ATTENTION TO DETAIL

Attention to detail by our experienced staff is what sets us apart from the "pack". From the feed mill to the bunks, from the pen riders to the office personnel, we care for your cattle.

PERFORMANCE

Our consulting nutritionists and veterinarians assist management in providing individualized solutions to meet each customer's needs.

CLIMATE

LOW HUMIDITY - Minimal summer heat stress.
Minimal winter cold stress.

LOW ANNUAL PRECIPITATION - Clean, mud-free pens year-round.

Ordway is the place to feed your cattle in the winter.

FINANCING

One stop financing for cattle, feed and hedge positions.

PARTNERSHIP PROGRAMS

Put your cattle on feed with us and we will partner on a percentage of the ownership to help spread out your investment risk.

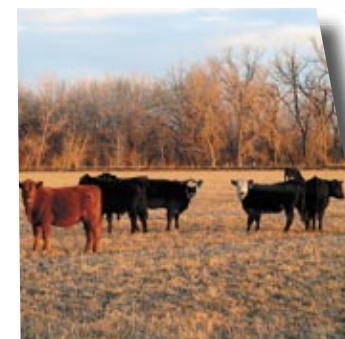

CATTLE PROCUREMENT

Cattle are purchased weekly from all parts of the country. Call the yard to find out about our "resale" list--offering opportunity for the investor feeder.

MARKETING

- Cash bids from all 4 major packers.
- Access to a diverse group of alliances and value based programs.
- Assistance in matching your cattle to the right market at the right time!

BACKGROUNDING

We work with reputable ranches, wheat operations and backgrounding yards across the country. We can help match the right "outside" cattle program to your situation.
